rsvp: matthew@worldhouse.ca

Come to the table.

The students at the Institute without Boundaries have prepared a menu of options for neighbourhood renovations.

Sit down, stay a while.

Explore 12 projects to rejuvenate housing, parks, schools and malls in the inner-suburbs of Toronto. Learn about Renovate Your Neighbourhood, a proposal created by IwB for Habitat for Humanity Canada and Evergreen.

Engage in the discussion.

How can we build communities that promote healthy living and nature, affordability, diversity and involvement? How would you change your neighbourhood?

Party with us.

It's the end of the year!
