

GENERAL EDUCATION ELECTIVE COURSES – ST. JAMES CAMPUS

WINTER 2023 (202202)

The up-to-date list of elective course offerings, along with day and time information, will be on your Stu-View registration page once the registration period opens for students registering in a full-time program. To read descriptions of the courses offered, go to the [General Education and Liberal Studies Electives](#) webpage and look for the Course Descriptions section. Courses are contingent on availability and are subject to change.

Students are required to take general education elective courses from at least two of the three categories in order to satisfy the breadth requirement which is part of the GBC policy. Please log into Degree Works to check to see that you are meeting this requirement.

General Education electives in the Winter 2023 semester will be delivered through synchronous, asynchronous, hybrid, or on campus sessions.

Synchronous online learning occurs at the same time. The teacher and students will meet online, on Blackboard Collaborate, and will interact with each other in real time. Students should plan to be available at the scheduled class times. Although classes are scheduled for three hours, the Collaborate sessions will likely take up only some of that time. Students will also need to do work independently.

Asynchronous learning does not occur in the same place or at the same time. Teachers and students do not need to be available at any particular time or day. Resources will be available on Blackboard, usually with instructions to complete weekly modules.

Hybrid learning combines asynchronous sessions and synchronous sessions. Teachers will provide more instructions for each course.
