

GENERAL EDUCATION ELECTIVE COURSES – ST. JAMES CAMPUS

FALL 2020 (202001)

The up-to-date list of elective course offerings, along with day and time information, will be on your Stu-View registration page once the registration period opens for students registering in a full-time program. Before you choose an elective, please check the General Education requirements database for your program [here](#). To read descriptions of the courses offered, go to [General Education and Liberal Studies Electives](#) and look for the Course Descriptions section. Courses are contingent on availability and are subject to change.

General Education and Liberal Studies electives in the Fall 2020 semester will be delivered online, either **asynchronously**, or with some **synchronous** sessions.

Asynchronous learning does not occur in the same place or at the same time. Teachers and students do not need to be available at any particular time or day. Resources will be available on Blackboard, usually with instructions to complete weekly modules.

Synchronous online learning occurs at the same time. The teacher and students will meet online, on Blackboard Collaborate, and will interact with each other in real time. Students should plan to be available at the scheduled class times. Although classes are scheduled for three hours, the Collaborate sessions will likely take up only some of that time. Students will also need to do work independently.
