

Welcome New First Year (C112) Personal Support Worker students in Winter 2026!

- In preparation of any in-person clinical placement, there are mandatory requirements that you will need to demonstrate completion of, prior to being assigned to a clinical placement. These preclinical requirements could take up to **8 to 10 weeks** to complete, and it is recommended that you provide enough time for the approval process.
- Once you have gathered all the necessary documents, you will need to create an account, upload and submit all documents, certificates and evidence to the ParaMed Placement Pass by the **given deadline on March 27, 2026**. A link to the portal can be found at [Placement Pass website](#).
- If you **fail** to complete, submit, and upload these requirements to ParaMed Placement Pass portal by the **given deadline on March 27, 2026**, you will be **excluded** from clinical practice which can jeopardize your academic standing & may lead to program **withdrawal**.
- Please **note** that even if you have graduated from another Health Sciences program either in George Brown Polytechnic or from another Polytechnic, university or institution **and/or** have experience working in any health-related profession, you are still required to complete all the requirement outlined below. If you **fail** to do so, you will be **excluded** from clinical practice which can jeopardize your academic standing & may lead to program **withdrawal**.
- All costs, service fees and fines associated with the overall medical and additional requirements are the responsibility of the student.

Below is a summary of all requirements that must be provided in your submission. Please read and follow all the instructions carefully:

MEDICAL REQUIREMENTS

(DOCTOR/PHYSICIAN/HEALTH CARE PROFESSIONAL TO COMPLETE, SIGN & STAMP)

Ontario legislation specifies certain surveillance requirements for those entering into healthcare practice settings. The Program policy was developed in accordance with the Communicable Disease Surveillance protocols, specified under the Public Health Ontario, OHA, OMA and LTCAO to meet the requirements of our students' placement settings. This process is necessary to ensure that our students protect their health and safety, and the health and safety of patients, children, seniors, employees and other vulnerable people. The completion of this information is not optional, and all sections must be completed as outlined. Our placement agency partners have the right to refuse students who have not met their immunization standards. If, for medical reasons, your patient is unable to receive a required immunization or Chest X-ray, a medical note of this exclusion must be provided on the form. **IF YOU ARE EXPECTING OR PREGNANT**, please talk to your doctor about the medical requirements and you must contact us as this may impact your academic and clinical standing in the program.

SPECIAL NOTE FOR INTERNATIONAL STUDENTS CURRENTLY RESIDING ABROAD OR OVERSEAS: You may start all medical requirements from your home country to help you save time and money before you arrive in Canada (except the Flu shot which you can get it done here in Nov/Dec).
