

Welcome New First year C166 Behavioural Science Accelerated (Online) students in Fall 2026!

- In preparation of any in-person clinical placement, there are mandatory requirements that you will need to demonstrate completion of, prior to being assigned to a field placement. These preclinical requirements take time to complete, and it is recommended that you provide enough time for the approval process.
- Once you have gathered all the necessary documents, you will need to create an account, upload and submit all documents, certificates and evidence to the **ParaMed Placement Pass** website by the **given deadline on December 4, 2026**. A link to the portal can be found at [ParaMed Placement Pass website](#)
- If you **fail** to complete, submit, and upload these requirements to ParaMed Placement Pass by the **given deadline on December 4, 2026**, you will be **excluded** from field practice which can jeopardize your academic standing & may lead to program **withdrawal**.
- Please **note** that even if you have graduated from another Health Sciences program either in George Brown Polytechnic or from another Polytechnic, university or institution and/or have experience working in any health-related profession, you are still required to complete all the non-medical certificates below. If you fail to do so, you will be **excluded** from field practice which can jeopardize your academic standing & may lead to program withdrawal.
- Please **budget accordingly** as all costs, service fees and fines associated with the health form requirements are the responsibility of the student.

Below is a summary of all preclinical requirements that must be provided in your submission. Please read and follow all the instructions carefully:
