MEDICAL REQUIREMENTS

(DOCTOR/PHYSICIAN/HEALTH CARE PROFESSIONAL TO COMPLETE, SIGN & STAMP)

Ontario legislation specifies certain surveillance requirements for those individuals entering into healthcare practice settings. The Program policy was developed in accordance with the Communicable Disease Surveillance protocols, as specified under the Ontario Public Health, OHA, OMA, LTCAO and Ontario School Boards to demonstrate students' meet these requirements prior to entering placement settings. This process is necessary to ensure that our students protect their health and safety, and the health and safety of patients, children, seniors, employees and other vulnerable people. The completion of this information is not optional, and all sections must be completed as outlined. Our placement agency partners have the right to refuse students who have not met their immunization standards. If, for medical reasons, your patient is unable to receive a required immunization or Chest X-ray, a medical note of this exclusion must be provided on the form.

COVID-19 Vaccination Update: Public Health Ontario continues to recommend that people working with vulnerable communities be fully vaccinated against COVID-19. Clinical agency partners continue to require students to be fully vaccinated against COVID-19 in order to be approved to complete clinical placements within their facilities.
