2.2. Course outline

Detailed course outlines can be found at:

georgebrown.ca/programs/course-outlines

2.3. Is a cooperative placement part of the program? If so, how long is the placement?

In Semester 2, students spend ten weeks developing restorative clinical experiences with clients onsite at our WAVE Dental Clinic under the supervision of regulated clinicians. This is followed by one week of offsite observation of a Restorative Dental Hygienist with a community field placement partner or with their current employer.

2.4. Describe any other hands-on experiences included in this program

2.5. Is the curriculum fixed, or is it possible to develop an individual plan?

The program curriculum is generally fixed.

2.6. How long has the school been offering this program?

George Brown has been helping to launch careers in healthcare for more than 35 years.

3. EMPLOYMENT OUTLOOK

3.1. National Occupational Classification (NOC) occupational group

Dental hygienists and dental therapists

3.2. NOC Code

32111

3.3. NOC TEER

2

*Please note that the NOC Code(s) provided are suggested codes, final confirmation/determination will be made by the Ministry of Labour, Immigration, Training and Skills Development (MLITSD)

3.4. What are the labour market conditions for this occupation?

Please check the [George Brown Career Coach website](#) for job/labour market information for this program/career. Career Coach offers current, local information about all jobs in the GTA, including an overview of each profession and a list of currently available positions in a given field. The data are not limited to industries supported by programs offered at George Brown College; however, where we do offer relevant programs, students are presented with options for consideration that lead them into our own program pages.

3.5. Are other licenses or certifications required for this occupation?

To qualify for this program, you must be actively registered to practice dental hygiene with the College of Dental Hygienists of Ontario and have a minimum of one year of dental hygiene work experience. Upon successful completion, graduates simply apply to the CDHO for designation. No additional national competency exam is required.

3.6. Within the last 3 years, what percentage of students completed this program?

Please contact the program Coordinator.

Melissa Crawford, Program Coordinator

Email: mcrawfor@georgebrown.ca

3.7. What percentage of students who completed this program are employed in jobs related to the program? Are the jobs full-time, part-time, or contract?

Data shows that 100 percent of graduates are employed, 60 percent of employed graduates are employed in a related field, 80 percent in full time positions. (Graduate Employment Report, 2019-2020 of students who graduated in 2018-2019)

3.8. Who hires graduates of this program? Who are the employers? (Provide examples)

Graduates are employed as restorative dental hygienists in:

- private practice
- public health services
- hospitals
- the dental industry

3.9. What is the program's/institutions reputation with employers in the industry/sector?

In a word, excellent, among employers and the community at large. Many employers look specifically for a George Brown diploma. And practitioners already employed in the field are often expected to return to school to acquire the diploma.

With regard to the College in general, in a 2006 Environics poll on post-secondary institutions in Ontario, Greater Toronto Area residents (who themselves or whose family members are in college or are college-bound) name George Brown the province's "best college." Most respondents, when asked which college they would attend, make George Brown their top pick. (The next most popular college trails George Brown by almost 10 points).

3.10. Can I contact current students or graduates of the program?

The college cannot give out contact information for current students or graduates.

Student testimonials are available on the [School of Dental Health](#)
