

Recognized Credential Assessors

Recognized assessors, like ICAS and WES, offer a variety of services to help you at different points of your journey in Canada:

Academic – Looking to study

- Confirm the equivalency of your previous education to the educational level in Ontario and Canada for purposes of admission to a post-secondary program.
- Transfer credits that you earned from previous post-secondary education outside of Canada to a post-secondary program in Canada.

Professional – Looking to work

- Confirm the academic or licensure equivalency for some regulated occupations in Canada. Regulated professions vary by Canadian province.
- Confirm academic equivalency at the secondary or post-secondary level for some non-regulated occupations.

Immigration – Looking to immigrate

- Confirm academic or professional equivalencies as part of the immigration process, depending on your status in Canada.

Do I need to provide translations of supporting documents?

If providing an ICAS or WES evaluation, most programs do not require an official translation.

Please note: Some programs do require the submission of an official translation, so it's important to review the specific program webpage to confirm admission requirements. Make sure to use an authorized translator recognized by the Association of Translators and Interpreters of Ontario (ATIO).

Do I need a physical version of my evaluation?

You can request to have a digital version of your official evaluations sent directly to George Brown College or Colleges Ontario (OCAS). To learn more about each assessor's timelines, costs, and document submission requirements scan the relevant QR code or visit their website:
