Centre: Health Sciences

Location: Waterfront / Online Learning Environment

Duration: 8 months

Starting Month: September

Credential: Ontario College Graduate Certificate

Year of Study: 2017-2018

Method of Study: FT

Apply To: Ontario Colleges

REGISTERED NURSE - CRITICAL CARE NURSING PROGRAM (ONLINE) (POSTGRADUATE) (S422)

Registered Nurse - Critical Care Nursing is a graduate certificate program delivered online that teaches Registered Nurses how to provide competent care to critically ill individuals and their families.

The combined theory and clinical courses encompass the Level 1, 2 and 3 Critical Care Standards of Practice as outlined by the Ontario Ministry of Health and Long-term Care.

This program is delivered online over eight months and may be of interest to nurses who require a more flexible learning pace.

- Live classes will be offered twice a week on Collaborate Live, and sessions are recorded for viewing at a later time.
- Clinical practicum will be offered full-time in the Greater Toronto Area (GTA).
- Students progress as a group with weekly modules and interact with classmates through Collaborate Live.
- Faculty are available to students for extra tutorials.

Structured clinical courses provide nurses with a safe learning environment to practice critical care knowledge, skills and judgement in critical care units across the GTA.

Due to the limited number of clinical placements available, this program has a restricted number of seats open to applicants.

PROGRAM STANDARDS AND LEARNING OUTCOMES

Each George Brown College certificate, diploma, advanced diploma and graduate certificate program is expected to deliver specific program learning outcomes. Program learning outcomes are statements that describe the knowledge and skills that students are expected to demonstrate by the end of their program of study. Programs are designed to deliver both vocation or discipline-specific learning outcomes and more generic essential employability skills (including communication, numeracy, critical thinking and problem solving, information management, interpersonal and personal skills).

In addition to the aforementioned learning outcome requirements, College programs are required to provide students with exposure to a breadth of learning beyond their vocational field, to increase their awareness of the society and culture in which they live and work. This breadth requirement is addressed through additional mandatory General Education courses in the program curriculum.

To see the relevant program learning outcomes for your specific program of study, please visit georgebrown.ca/programs/learning-standards-and-outcomes

YOUR CAREER

Graduates of the Registered Nurse – Critical Care Nursing program are prepared to work in a variety of critical care units including:

- Medical-surgical
- Neuro-surgical
- Trauma
- Coronary
- Cardiovascular

Many hospitals have chosen our program (through sponsorship) to prepare their nurses for working in this dynamic specialty field. As a result of the current shortage of critical care nurses in Ontario, employment opportunities continue to expand.

FUTURE STUDY OPTIONS

See georgebrown.ca/transferguide
ADMISSION REQUIREMENTS

- RN, Certificate of Competence, College of Nurses of Ontario without practice restrictions
- BCLS (Heart and Stroke Foundation), HCP Level
- Interview - All applicants are interviewed by telephone or in person.
- Resumé
- One year of medical/nursing experience in Ontario

If taking this program as a non-sponsored student (independent student), students must meet all the mandatory pre-placement health requirements for this program.

This program is open to domestic applicants only.

COURSE EXEMPTIONS

College or university credits may qualify you for course exemptions. Please visit georgebrown.ca/transferguide for more information.

SPECIAL REQUIREMENTS

PRE-PLACEMENT HEALTH FORM

- Upon confirmation of acceptance into this program, students must meet all the mandatory pre-placement health requirements for the program. It may take up to four months to complete all the requirements.
- All costs, service fees and fines associated with the overall health requirements are the responsibility of the student.
- For further details and to download the mandatory pre-placement health form, go to the Pre-placement website at georgebrown.ca/preplacement
- Students must submit proof of a satisfactory medical examination before entering field placement. Students who are unable to provide a clear medical examination result to the college will not be able to start their field placement and therefore will be unable to complete the program.
