The field of International Business encompasses a variety of disciplines including finance, sales, marketing and human resources. Consequently **Business Administration – International Business** program graduates will be prepared to perform in a variety of specialized areas such as international market entry and distribution, international trade management, international negotiation and trade research, international marketing, international trade finance, planning, logistics, legal aspects of international trade and other functions related to business in general and international business in particular. Graduates of this program will have demonstrated their knowledge, skills and abilities related to international business, and will have prepared for careers that include negotiators, freight forwarders, logistics and marketing.

You will learn about:

- Documents and procedures supporting the movement of products and services in a global supply chain
- Statutory and regulatory compliance
- International payment instruments and options
- Foreign exchange strategies
- Human resource strategies in an international operation.

ACCREDITED PARTNERSHIP WITH FITT

George Brown College has partnered with FITT (Forum for International Trade Training)³ to offer the FITTskills program. FITT is an international trade training and professional certification body. As the only organization of its kind in the world, FITT sets the standards and designs the training programs leading to the Certified International Trade Professional (CITP) designation⁴. FITT's quality training programs impart knowledge and practical skills that provide a competitive advantage to trade practitioners and elevate their position in world markets.

Note: The requirements for each designation/certification are set by the granting body, not George Brown College. In order to qualify for any of these designations/certifications, you need to follow the process listed on its website and meet all the requirements applicable to you.

FIELD EDUCATION OPTIONS

This program (B131) is also offered with work experience. Students who wish to apply for Business Administration – International Business **with** Work Experience⁵ should apply to B161⁶.

In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real world challenges and clients. Find out more about field education⁷ at the Centre for Business.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Conduct an environmental scan to evaluate the impact of world issues on an organization's international business opportunities.
2. Conduct, evaluate and present market research to support an organization's international business decision-making.
3. Prepare and analyze documentation and follow procedures to support the movement of products and services in the organization's global supply chain.
4. Analyze the impact of statutory and regulatory compliance on an organization's integrative trade initiatives.
5. Develop and implement strategies to negotiate effectively within various cultural environments and to address the impact of cultural differences on an organization's integrative trade initiatives.
6. Develop and present an international marketing plan, and evaluate sales strategies that support an organization's integrative trade initiatives.
7. Identify and interpret relevant international financial documents and assess financial strategies that support an organization's integrative trade initiatives.
8. Analyze the impact of an organization's integrative trade initiatives on its human resources management strategies, policies, and practices.
9. Develop and present an international business plan.
10. Plan, implement and evaluate team projects by applying project management principles.
11. Analyze principles of corporate sustainability, corporate social responsibility and ethics, and apply them to an organization's integrative trade initiatives.
12. Select and apply current technologies to support an organization's integrative trade initiatives.
13. Develop and present a plan for ongoing personal and professional development to enhance work performance within the international business field.

REQUIRED COURSES

In order to graduate from the **B131 program**, you need to complete **37 courses**: **32** Mandatory courses, **2** Business Electives and **3** General Education Electives.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 37 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester Three, Four, Five and Six): You must complete **4** General Education courses. **1** mandatory ("Successful Social Relations" -

GHUM 1087) and **3** chosen from at least **2** of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.
