

CONSTRUCTION TRADES TECHNIQUES PROGRAM (T126)

PROGRAM NAME	Construction Trades Techniques	TUITION	\$5,919.00 †
COURSE CODE	T126	ADDITIONAL COST	† Amounts listed are the total of tuition, materials, student service and ancillary fees for the three semesters of programs starting in fall 2017 . Fees are subject to change for programs starting in fall 2018 and at later dates.
SCHOOL	School of Apprenticeship and Skilled Trades	International students:	Visit the International Fees and Related Costs ² page for more information.
CENTRE	Construction Engineering Technology		
LOCATION	Casa Loma Campus		
DURATION	1 year (3 semesters)		
STARTING MONTH	September, January, May		
CREDENTIAL	Ontario College Certificate		
YEAR OF STUDY	2018-2019		
METHOD OF STUDY	FT		
APPLY TO	Ontario Colleges ¹		

The Construction Trades Techniques program covers popular construction trade areas and has three intakes per year.

This program is designed to offer you choices when considering a career in the construction sector. It exposes you to a variety of trades allowing you to determine where your interests lie. The program will prepare you with basic skills that will assist you in taking the next steps in your career path.

Semester 1: Electrical/Millwrighting

Semester 2: Sheet Metal/Air Conditioning/Carpentry

Semester 3: Welding/Steamfitting/Plumbing

Through practical projects interwoven with theoretical learning, you will gain confidence and experience in the individual trade sections, giving you the information necessary to make informed career choices as well as a good understanding of the construction process.

THE INDUSTRY

The construction industry is one of the country's largest employers, and skilled trades workers are among the highest paid and most in demand in Canada.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Identify and use strategies to enhance professional growth and ongoing learning in the construction field.
2. Identify and adhere to established health and safety practices.
3. Perform all construction tasks in compliance with applicable laws, regulations, codes and ethical practices in the construction field.
4. Work in accordance with established sustainability practices.

5. Collaborate with a range of tradespersons and project stakeholders to maintain effective working relationships.
6. Communicate technical information to a variety of clients, supervisors and tradespersons to participate in the successful completion of construction projects.
7. Identify and use industry-specific technologies to support construction projects.
8. Solve on-site trade-related construction problems using mathematical equations and geometric concepts.
9. Select, maintain and safely operate hand and power tools and equipment used in the building construction trades.
10. Assist in the preparation of project estimates.
11. Assist skilled tradespersons and perform labouring tasks at construction sites.

REQUIRED COURSES

SEMESTER 1

Code	Course name
BLDG1124	Introduction to Electrical – Theory
BLDG1125	Introduction to Electrical – Code and Prints
BLDG1121	Experience Electrical Apparatus – Shop
BLDG1122	Introduction to Millwrighting – Theory
BLDG1123	Experience Millwrighting – Shop
COMM1007	College English

SEMESTER 2

Code	Course name
BLDG1132	Introduction to Carpentry – Theory
BLDG1133	Experience Carpentry – Shop
BLDG1134	Trade Calculations
BLDG1135	Introduction to Refrigeration – Theory
BLDG1137	Introduction to Sheet Metal – Theory
BLDG1138	Experience Refrigeration – Shop
BLDG1139	Experience Sheet Metal – Shop
GNED	General Education Elective

SEMESTER 3

Code	Course name
BLDG1110	Introduction to Welding and Steamfitting – Theory
BLDG1111	Experience Welding and Steamfitting – Shop
BLDG1112	Introduction to Plumbing – Theory
BLDG1113	Experience Plumbing – Shop
BLDG1114	Trade Documentation
GNED	General Education Elective

General Education Electives

YOUR CAREER

As a graduate of the program, you can bring a broad range of skills to future employers. Once you have decided which sector of the industry interests you, you can seek employment in that area or increase your marketability and knowledge by continuing on to a one-year, two-year or three-year program at George Brown College.

ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)

Mature Students may take the Admissions Assessment³ for English and Math, OR may consider upgrading to achieve the credit(s) needed in English⁴ and Math⁵.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

College or university credits may qualify you for course exemptions. Please visit georgebrown.ca/transferguide for more information.

INTERNATIONAL STUDENTS

Visit the International Admissions⁶ page for more information.

“If you like a little bit of everything, like I do, or you’re still feeling out what works best for you, this program is a fantastic opportunity. Each semester is full of different trades and new experiences. I have learned so much, not just in theory, but in practice too. It has been an unbelievably valuable experience. I love understanding the overlap the trades have with one another!”

Alicia Parrott-Barros (Graduate, Construction Trades Techniques)
