The need for graduates with skills in the area of business analytics is growing rapidly across all industry sectors. Harnessing the power of big data analytics, the Analytics for Business Decision Making graduate certificate program prepares students to do data analysis specific to multi-faceted business decision making needs. It is about developing information into knowledge and converting that intelligence to action. The goal is to prepare the student to engage and be competitive across various business divisions with the ability to “tell stories” about data, which assist decision-makers in their own activities. Through in-depth data analytics courses and business analytics courses, graduates will be prepared to work in the high demand area of business intelligence in Toronto, in Canada and beyond, and learn the knowledge and skills needed to support real-world business decision making and planning through data insights, data management, and data science.

The focus will be on skills development, technical and otherwise, including analytic understanding and dissemination for various business uses. A bold mix of skills, including some programming, applied statistical comprehension and database understanding, will be explored in the context of organizational Big Data (Operational) requirements.

**DELIVERY**

- This full-time program is delivered in a blended format, combining face-to-face sessions with online delivery.
- You will generally meet late afternoons, evenings, and weekends. This delivery format accommodates those who wish to work while taking this program.

**Program Requirements**

- A PC running Windows 8 or higher with 8MB RAM and a i5 processor
- Microsoft Windows® 10 or Server 2016 +
- 64-bit versions of Windows
- Web camera and microphone
- PC Version Microsoft Office including Access (as provided by George Brown via limited Student Office 365 versions)

For students who prefer Apple/Mac environments, it is necessary to ALSO have the following:

- Bootcamp/Parallels
- A copy of Windows 10
- Microsoft Office including Access (students should have a PC version from GBC Apps Anywhere as Mac versions sometimes do not have the same depth in capability.)

This Centre for Business program is part of our School of Management.

Watch our past recording of the online info session for the Analytics for Business Decision Making Program

**PART TIME STUDY OPTIONS**

Part-time study options are not available for this program but this program is delivered in a blended format to better enable students to work at the same time.

**EXPERIENTIAL LEARNING**

Client Project
YOUR FIELD STUDY OPTIONS

The BUS 4045 Data Project Capstone Project is a self-directed, faculty-guided research and analytics project for a client requiring support for an important business decision. You will demonstrate your ability to analyze real-world data and make meaningful business recommendations based on client feedback and interaction. This valuable work experience can, in turn, be added to your resume.

The Analytics Hub brings students, faculty, and industry together to derive actionable insights and tell stories about data from both private and public sources.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Extract, transform and load data to more efficiently support problem solving and decision making.
2. Warehouse and mine data for the purpose of business decision making.
3. Develop classification and/or predictive models using operational and marketing data in support of business decision making.
4. Determine, using a variety of business intelligence tools, the most appropriate for each business decision making scenario.
5. Effectively communicate analytics results and conclusions orally, in written reports and in formal presentations to various levels of staff and management.
6. Apply descriptive and differential statistical techniques to Big Data.
7. Analyze and interpret digital information as it relates to all aspects of an organization.
8. Apply the principles of business ethics and corporate social responsibility to the application and use of data to support business decision making.

REQUIRED COURSES

In order to graduate, you need to complete the following 13 Mandatory courses.

YOUR CAREER

Graduates of this program will be prepared for careers in a variety of organizations such as marketing research firms, polling firms, branding/design firms, insurance and finance firms, loyalty programs (marketing), healthcare, public sector, manufacturing and supply-chain.

Potential positions may include:

- Business Analyst
- Data Analyst
- Market Risk Analytics Officer
- Web Analytics Manager
- Decision Support Specialist
- Web Analyst
- Data Reporting Analyst
FUTURE STUDY OPTIONS

For information on future study options, see georgebrown.ca/transferguide.

ADMISSION REQUIREMENTS

• College Advanced Diploma (3-year) or Bachelor's Degree or demonstrated, relevant work experience (resume and references required).

ENGLISH LANGUAGE PROFICIENCY

Applicants with international transcripts who do not provide English language proficiency test results must test at the College level in the George Brown College English assessment to be considered. In addition, applicants who are considered for admission to the program based solely on their work experience will be required to provide proof of English proficiency at the college level, and may be required to write the English admission assessment.

Please visit georgebrown.ca/englishproficiency for more details

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

Annissa Rodriguez (Graduate 2018, Analytics for Business Decision Making); Manager of Operations, All Canadian Self-Storage

“This program is a foundation for success in the data analytics field. The teachers are personable, and really push you to your limits. In semester two of this program, a Capstone project is offered, which is a real-life job experience using data analytics. My partner Xavier and I took the most out of this experience. Our project was the only one in Canada to make it to the 2018 SAS Global Forum’s Student Symposium and won first place.” Read more about Annissa and Xavier’s success at SAS Global Forum 2018.

Xavier Fu (Graduate 2018, Analytics for Business Decision Making); Data Reporting Analyst, Horizn

“The faculty were instrumental to my success. They continually support and drive me towards reaching my goals and objectives. They teach not just the fundamentals of research, modelling, and storytelling techniques used in data analytics, but also the tools to be agile and adaptive in your future career. Always accommodating to my schedule, the staff allowed me the opportunity to have the full learning experience, while maintaining a full-time job and a data research project.” Watch a short video of Xavier and his team partner Annissa at SAS Global Forum 2018, where their project won first place.

Kishawna Peck (Graduate 2016, Analytics for Business Decision Making); Data Analyst – Product Success and Consumer Insights, Moneris

“The Analytics for Business Decision Making program is geared to reducing the gap between business knowledge and analytic skills. I chose this program because I love to solve problems and enjoy business. My internship led to a full-time role as an analyst. In this program, you get a combination of understanding the ‘why’s’ behind the analytics and learning how to actually use the different software for it. The students all come from different educational backgrounds, which allows you to bounce ideas off of each other and benefit from collaboration. This program has played a key role in launching my career and equipping me with the skills to solve complex business problems and provide meaningful insights.” Read more about Kishawna’s story.

Jayeeta Chakraborty (Graduate 2015, Analytics for Business Decision Making)

“The faculty in this program are just amazing. They bring years of experience from the industry. They help us, train us, make us ready to go out there and work. They share their experiences, they help us with networking. It’s just amazing! There are lot of things happening around here: a lot of networking events, job fairs, and I think that’s one of the greatest advantages of being in a college that’s in the heart of the city.” Hear more about Jayeeta Chakraborty’s story.

George Brown College is continually striving to improve its programs and their delivery. The information contained in this calendar is subject to change without notice. It should not be viewed as a representation, offer or warranty. Students are responsible for verifying George Brown College admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations, or other bodies that may award additional designations concurrently with, or after completion of, a George Brown College program.
The field of International Business encompasses a variety of disciplines including finance, sales, marketing, and human resources. Consequently Business Administration – International Business program graduates will be prepared to perform in a variety of specialized areas such as international market entry and distribution, international trade management, international negotiation and trade research, international marketing, international trade finance, planning, logistics, legal aspects of international trade and other functions related to business in general and international business in particular. Graduates of this program will have demonstrated their knowledge, skills, and abilities related to international business, and will have prepared for careers that include negotiators, freight forwarders, logistics, and marketing.

You will learn about:

- Documents and procedures supporting the movement of products and services in a global supply chain
- Statutory and regulatory compliance
- International payment instruments and options
- Foreign exchange strategies
- Human resource strategies in an international operation.

Find out more about the field of international business in our video below:

**ACCREDITED PARTNERSHIP WITH FITT**

George Brown College has partnered with FITT (Forum for International Trade Training)\(^3\) to offer the FITTskills program. FITT is an international trade training and professional certification body. As the only organization of its kind in the world, FITT sets the standards and designs the training programs leading to the Certified International Trade Professional (CITP) designation\(^4\). FITT’s quality training programs impart knowledge and practical skills that provide a competitive advantage to trade practitioners and elevate their position in world markets.

**Note:** The requirements for each designation/certification are set by the granting body, not George Brown College. In order to qualify for any of these designations/certifications, you need to follow the process listed on its website and meet all the requirements applicable to you.

This Centre for Business\(^5\) program is part of our School of Management.\(^6\)

**EXPERIENTIAL LEARNING**

Field Education Course (Optional)

**YOUR FIELD STUDY OPTIONS**

This program (B131) is also offered with work experience. Students who wish to apply for Business Administration – International Business with Work Experience\(^7\) should apply to B161\(^8\).

In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real-world challenges and clients. Find out more about field education\(^9\) at the Centre for Business\(^10\).

**PROGRAM STANDARDS AND LEARNING OUTCOMES**

The graduate has reliably demonstrated the ability to:
1. Conduct an environmental scan to evaluate the impact of world issues on an organization's international business opportunities.
2. Conduct, evaluate and present market research to support an organization's international business decision-making.
3. Prepare and analyze documentation and follow procedures to support the movement of products and services in the organization's global supply chain.
4. Analyze the impact of statutory and regulatory compliance on an organization’s integrative trade initiatives.
5. Develop and implement strategies to negotiate effectively within various cultural environments and to address the impact of cultural differences on an organization’s integrative trade initiatives.
6. Develop and present an international marketing plan, and evaluate sales strategies that support an organization’s integrative trade initiatives.
7. Identify and interpret relevant international financial documents and assess financial strategies that support an organization’s integrative trade initiatives.
8. Analyze the impact of an organization’s integrative trade initiatives on its human resources management strategies, policies, and practices.
9. Develop and present an international business plan.
10. Plan, implement and evaluate team projects by applying project management principles.
11. Analyze principles of corporate sustainability, corporate social responsibility and ethics, and apply them to an organization’s integrative trade initiatives.
12. Select and apply current technologies to support an organization’s integrative trade initiatives.
13. Develop and present a plan for ongoing personal and professional development to enhance work performance within the international business field.

REQUIRED COURSES

In order to graduate from the B131 program, you need to complete 37 courses: 32 Mandatory courses, 2 Business Electives and 3 General Education Electives.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 37 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester Three, Four, Five and Six): You must complete 4 General Education courses. 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

### YOUR CAREER

The world is now considered a global marketplace with organizations continually seeking opportunities to expand operations across national borders. Organizations across all industries including law firms, consulting firms and manufacturers of both goods and services cater to an international clientele. Potential positions may include:

- Forecasting and Replenishment Analyst
- Merchandise Assistant
- Purchasing Assistant
• Purchasing Coordinator
• Logistics Coordinator

ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

• Ontario Secondary School Diploma or equivalent**
• Grade 12 English (C or U)
• Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER)

Mature Students may take the Admissions Assessment11 for English and Math, OR may consider upgrading to achieve the credit(s) needed in English12 and Math13.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details

INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions14 page for more information.

Patricia Niengu (Graduate 2018, Business Administration – International Business), Junior Buyer at TDG Transit Design Group Inc.

“The Business Administration – International Business program entails a variety of business courses that will prepare you to succeed in the field after you graduate. The professors in the program are experienced and well qualified to make the classes interesting and understandable. The work experience component makes me feel extremely confident in finding a good job because it gave me the opportunity to apply and develop the skills taught in the classroom. I have no doubt that, by the end of my program at George Brown, I will be equipped with the necessary skills to be successful in a very competitive business world.”

ACCREDITED PARTNERSHIP WITH FITT

George Brown College has partnered with FITT (Forum for International Trade Training) to offer the FITTskills program. FITT is an international trade training and professional certification body. As the only organization of its kind in the world, FITT sets the standards and designs the training programs leading to the Certified International Trade Professional (CITP) designation. FITT’s quality training programs impart knowledge and practical skills that provide a competitive advantage to trade practitioners and elevate their position in world markets.

Note: The requirements for each designation/certification are set by the granting body, not George Brown College. In order to qualify for any of these designations/certifications, you need to follow the process listed on its website and meet all the requirements applicable to you.

This Centre for Business program (B161) is part of our School of Management and is offered with Work Experience. Students wishing to apply for Business Administration – International Business without work experience should apply to B13.

EXPERIENTIAL LEARNING

YOUR FIELD STUDY OPTIONS

WORK EXPERIENCE (CO-OP OR INTERNSHIP WORK TERM)

This program requires the successful completion of two semesters of work experience to graduate. This work experience is either co-op (paid) or internship (unpaid). Either one will give you the practical experience employers value.
George Brown works with employers and industry partners to identify potential work experience opportunities. Students are also strongly encouraged to pursue self-directed industry work experience opportunities they believe would provide the learning experiences they value and meet the learning outcomes of the program. This valuable work experience can, in turn, be added to your resume.

In addition to more formal on-the-job work experience, George Brown College endeavours to provide field education opportunities with real-world challenges and clients. Find out more about field education at the Centre for Business.

**PROGRAM STANDARDS AND LEARNING OUTCOMES**

The graduate has reliably demonstrated the ability to:

1. Conduct an environmental scan to evaluate the impact of world issues on an organization’s international business opportunities.
2. Conduct, evaluate and present market research to support an organization’s international business decision-making.
3. Prepare and analyze documentation and follow procedures to support the movement of products and services in the organization’s global supply chain.
4. Analyze the impact of statutory and regulatory compliance on an organization’s integrative trade initiatives.
5. Develop and implement strategies to negotiate effectively within various cultural environments and to address the impact of cultural differences on an organization’s integrative trade initiatives.
6. Develop and present an international marketing plan, and evaluate sales strategies that support an organization’s integrative trade initiatives.
7. Identify and interpret relevant international financial documents and assess financial strategies that support an organization’s integrative trade initiatives.
8. Analyze the impact of an organization’s integrative trade initiatives on its human resources management strategies, policies, and practices.
9. Develop and present an international business plan.
10. Plan, implement and evaluate team projects by applying project management principles.
11. Analyze principles of corporate sustainability, corporate social responsibility and ethics, and apply them to an organization’s integrative trade initiatives.
12. Select and apply current technologies to support an organization’s integrative trade initiatives.
13. Develop and present a plan for ongoing personal and professional development to enhance work performance within the international business field.

**REQUIRED COURSES**

In order to graduate from the B161 program, you need to complete 38 courses: 33 Mandatory courses, 2 Business Electives and 3 General Education Electives. For the B161 program you need to take an additional course, the Work Experience Prep Course (BUS 1000) in semester 3, and complete 2 Work Experience (Coop or Internship) Terms.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 37 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

**General Education Courses (Semester Three, Four, Five and Six):** You must complete 4 General Education courses, 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

## ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)

Mature Students may take the Admissions Assessment\(^1\) for English and Math, OR may consider upgrading to achieve the credit(s) needed in English\(^2\) and Math\(^3\).

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

## COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

## ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details.

## INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions\(^4\) page for more information.

## YOUR CAREER

The world is now considered a global marketplace with organizations continually seeking opportunities to expand operations across national borders. Organizations across all industries including law firms, consulting firms and manufacturers of both goods and services cater to an international clientele.

Potential positions may include:

- Forecasting and Replenishment Analyst
- Merchandise Assistant
Patricia Niengu (Graduate 2018, Business Administration – International Business), Junior Buyer at TDG Transit Design Group Inc.

“The Business Administration – International Business program entails a variety of business courses that will prepare you to succeed in the field after you graduate. The professors in the program are experienced and well qualified to make the classes interesting and understandable. The work experience component makes me feel extremely confident in finding a good job because it gave me the opportunity to apply and develop the skills taught in the classroom. I have no doubt that, by the end of my program at George Brown, I will be equipped with the necessary skills to be successful in a very competitive business world.”

VISIT OUR CAMPUS

This program is offered out of our School of Management and classes take place at our St. James Campus, mainly at 200 King St. E., and 290 Adelaide St. E., Toronto, ON, Canada.

Campus tours are offered on a regular basis. Sign up today! You can also check out our virtual tour.
George Brown College is continually striving to improve its programs and their delivery. The information contained in this calendar is subject to change without notice. It should not be viewed as a representation, offer or warranty. Students are responsible for verifying George Brown College admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations, or other bodies that may award additional designations concurrently with, or after completion of, a George Brown College program.
Students in the Business Administration – Project Management advanced diploma program will be prepared to manage project scope and change, project control, project staffing and risk management, provide motivation and goal setting, utilize project management tools and perform other functions in careers that incorporate project management or in stand-alone project manager positions. Graduates of this program will have demonstrated their knowledge, skills and abilities related to business in general and project management in particular.

This learning experience will enable graduates to demonstrate:

- Analysis of the impact of an organization's project management initiatives on its human resources, management, financial and business strategies, policies and practices
- Implementation of a project plan including making trade-offs among competing objectives and taking timely action to deal with problems and opportunities
- Application of accounting and financial knowledge to the management of projects
- Allocation of human resources required to manage project tasks using leadership and teamwork skills
- Working with teams and stakeholders effectively and in a professional manner, respecting differences

This Centre for Business^3 program is part of our School of Management.^4

**EXPERIENTIAL LEARNING**

Field Education Course (Optional)

**YOUR FIELD STUDY OPTIONS**

Employers have told us that they are more likely to hire a student with work experience than a student without experience. Field education gives you the real-life experience that employers demand.

In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real-world challenges and clients. Find out more about field education^5 at the Centre for Business^6.
THE INDUSTRY

George Brown College is recognized as a Global Registered Education Provider with the Project Management Institute® (PMI®). Graduates of any of the George Brown College courses listed on PMI’s Registered Education Provider portal® will have satisfied the education requirements necessary to apply to the Project Management Institute (PMI®) for either the Certified Associate in Project Management (CAPM®) or the Project Management Professional (PMP®) certification.

PMI®, PMP®, and CAPM® are registered marks of the Project Management Institute, Inc.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Evaluate the impact of global issues on an organization’s business opportunities by using an environmental scan.
2. Apply principles of corporate sustainability, corporate social responsibility and ethics to support an organization’s business initiatives.
3. Assess and use current concepts/systems and technologies to support an organization’s business initiatives.
4. Conduct and present research to support business decision making.
5. Plan, implement and evaluate projects by applying project management principles.
6. Perform work in compliance with relevant statutes, regulations and business practices.
7. Apply human resource practices to support management objectives and the organization’s goals.
8. Use accounting and financial principles to support the management and operations of an organization.
9. Assess marketing and sales concepts and strategies and apply them to the needs of an organization.
10. Outline principles of supply chain management and operations management and assess their impact on the operations of an organization.
11. Participate in the development of a business plan.
12. Develop strategies for ongoing personal and professional development to enhance work performance in the business field.
13. Outline strategies used to manage risks in an organization’s business activities.

REQUIRED COURSES

In order to graduate from the B126 program, you need to complete 36 courses: 28 Mandatory courses, 5 Business Electives and 3 General Education Electives.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 36 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester Three, Four and Five): You must complete 4 General Education courses. 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

George Brown College is continually striving to improve its programs and their delivery. The information contained in this calendar is subject to change without notice. It should not be viewed as a representation, offer or warranty. Students are responsible for verifying George Brown College admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations, or other bodies that may award additional designations concurrently with, or after completion of, a George Brown College program.
Students in the Business Administration – Project Management (with work experience) advanced diploma program will be prepared to manage project scope and change, project control, project staffing and risk management, provide motivation and goal setting, utilize project management tools and perform other functions in careers that incorporate project management or in standalone project manager positions. Graduates of this program will have demonstrated their knowledge, skills, and abilities related to business in general and project management in particular.

This learning experience will enable graduates to demonstrate:

- Analysis of the impact of an organization's project management initiatives on its human resources, management, financial and business strategies, policies and practices
- Implementation of a project plan including making trade-offs among competing objectives and taking timely action to deal with problems and opportunities
- Application of accounting and financial knowledge to the management of projects
- Allocation of human resources required to manage project tasks using leadership and teamwork skills
- Working with teams and stakeholders effectively and in a professional manner, respecting differences

This Centre for Business program (B156) is part of our School of Management and is offered with Work Experience. Students wishing to apply for Business Administration – Project Management without work experience should apply to B126.

EXPERIENTIAL LEARNING

Work Experience (Co-op or Internship) Required

YOUR FIELD STUDY OPTIONS

WORK EXPERIENCE (CO-OP OR INTERNSHIP WORK TERM)

This program requires the successful completion of two semesters of work experience to graduate. This work experience is either co-op (paid) or internship (unpaid). Either one will give you the practical experience employers value.
George Brown works with employers and industry partners to identify potential work experience opportunities. Students are also strongly encouraged to pursue self-directed industry work experience opportunities they believe would provide the learning experiences they value and meet the learning outcomes of the program. This valuable work experience can in turn be added to your resume.

In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real world challenges and clients. Find out more about field education at the Centre for Business.

THE INDUSTRY

George Brown College is recognized as a Global Registered Education Provider with the Project Management Institute (PMI®). Graduates of any of the George Brown College courses listed on PMI's Registered Education Provider portal will have satisfied the education requirements necessary to apply to the Project Management Institute (PMI®) for either the Certified Associate in Project Management (CAPM®) or the Project Management Professional (PMP®) certification.

PMI®, PMP®, and CAPM® are registered marks of the Project Management Institute, Inc.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Evaluate the impact of global issues on an organization's business opportunities by using an environmental scan.
2. Apply principles of corporate sustainability, corporate social responsibility and ethics to support an organization's business initiatives.
3. Assess and use current concepts/systems and technologies to support an organization's business initiatives.
4. Conduct and present research to support business decision making.
5. Plan, implement and evaluate projects by applying project management principles.
6. Perform work in compliance with relevant statutes, regulations and business practices.
7. Apply human resource practices to support management objectives and the organization’s goals.
8. Use accounting and financial principles to support the management and operations of an organization.
9. Assess marketing and sales concepts and strategies and apply them to the needs of an organization.
10. Outline principles of supply chain management and operations management and assess their impact on the operations of an organization.
11. Participate in the development of a business plan.
12. Develop strategies for ongoing personal and professional development to enhance work performance in the business field.
13. Outline strategies used to manage risks in an organization's business activities.

REQUIRED COURSES

In order to graduate from the B156 program, you need to complete 37 courses:

- 29 Mandatory courses
- 5 Business Electives
- 3 General Education Electives

For the B156 program, you need to take an additional course, the Work Experience Prep Course (BUS 1000) in semester 3, and complete Work Experience (Coop or Internship) Terms.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH 1027 (Business Math with Remediation) before progressing to MATH 1008. COMM 1003/CESL 1003 and MATH 1027 do not count towards the 36 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester Three, Four and Five): You must complete 4 General Education courses.

1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

### YOUR CAREER

Graduates of this program will have demonstrated their knowledge, skills and abilities related to both business in general and project management in particular.

Potential positions may include:

- Assistant Project Manager
- Junior Project Manager/Coordinator
ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)
** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)

Mature Students may take the Admissions Assessment¹¹ for English and Math, OR may consider upgrading to achieve the credit(s) needed in English¹² and Math¹³.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details

INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions¹⁴ page for more information.

CONTACT US

INFORMATION SESSIONS

On-campus information sessions are held on a regular basis. Come and have your questions answered. Learn about the program content and career options, meet your friendly professors and staff, and experience what it is like to be in a George Brown College classroom. Sign up for an upcoming session.

DOMESTIC STUDENTS ADMISSIONS

For inquiries about domestic admission requirements, admission deadlines, or the admissions process, please contact the Admissions Office at admissions@georgebrown.ca or visit the Admissions web page.

INTERNATIONAL STUDENT ADMISSIONS

For inquiries about international admission requirements, permits and visas, accommodations, or anything specific to international students, please contact the International Centre at International@georgebrown.ca or visit George Brown International.

Phone: (416) 415-5000 ext. 2115

FINANCIALS/FEES

For inquiries about OSAP, Bursaries, Scholarships and other financial inquiries, please contact the Financial Aid Office at FinAid@georgebrown.ca or visit the Financial Aid web page.
ENTRY ADVISING

For advice on the various program options and which program might be best suited for you, make an appointment to see an Entry Advisor. Please review these frequently asked questions or choose to book your appointment using the link provided.

1. **Book online:**
   - Complete and submit the Client Intake Form

2. **Book by phone:**

George Brown College is continually striving to improve its programs and their delivery. The information contained in this calendar is subject to change without notice. It should not be viewed as a representation, offer or warranty. Students are responsible for verifying George Brown College admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations, or other bodies that may award additional designations concurrently with, or after completion of, a George Brown College program.
Students in the advanced diploma Business Administration – Supply Chain and Operations Management program will be prepared to perform marketing forecasting, demand management, production planning and other functions, in careers that include logistics, transportation, warehousing, exporting, planning and forecasting. The supply chain and operations management courses in this program will allow graduates to demonstrate knowledge, skills and abilities related to both business in general, and supply chain jobs in particular.

This learning experience will enable graduates to demonstrate:

- Analysis of the impact of an organization's supply chain initiatives on its human resources management strategies, policies and practices
- Compliance of an organization with relevant national and internal law, regulations, safety requirements and professional standards
- Application of the knowledge of the functional components in the integrated supply chain including logistics, purchasing, distribution, transportation and warehousing
- Use of supply chain tools and resources, in order to comply with the requirements of supply chain management
- Interpretation of relevant financial documents and assessment of financial strategies that support an organization's supply chain

Find out more about the field of supply chain in our video below:

Did you know? As of 2017, there were approximately 881,326 workers in the Canadian supply chain sector labour force. Right now more than 27,000 supply chain positions in Canada sit unfilled, and another 66,000 openings are anticipated each year for the next five years.

See how the supply chain management industry drives Canadian commerce with a variety of exciting and rewarding careers in this video by the Canadian Supply Chain Sector Council.

This Centre for Business program is part of our School of Management.

EXPERIENTIAL LEARNING
Field Education Course (Optional)

YOUR FIELD STUDY OPTIONS
This program (B122) is also offered with work experience. Students who wish to apply for Business Administration – Supply Chain and Operations Management with Work Experience should apply to B162.

In addition to on-the-job work experience George Brown College endeavours to provide field education opportunities with real world challenges and clients. Find out more about field education at the Centre for Business.

PROGRAM STANDARDS AND LEARNING OUTCOMES
The graduate has reliably demonstrated the ability to:

1. Examine the connections between strategic objectives, stakeholder expectations, and supply chain functions, processes and roles, to support decision-making, problem-solving and coordination of tasks.
2. Determine the value added and financial implications of supply chain decisions on overall business profitability, efficiency and stakeholder satisfaction.
3. Ensure supply chain activities and transactions are compliant with relevant legal, regulatory and contractual obligations, and industry and organization standards and policies for quality, health, safety, accountability, social and environmental responsibility.

4. Use risk mitigation tools and strategies to inform supply chain management decisions.

5. Manage the acquisition and sale of goods, services and materials in accordance with best practices and public and private sector stakeholder expectations across a variety of industries.

6. Plan and schedule material requirements and resource allocation and manage inventories for efficient production and fulfillment of customer orders and returns.

7. Manage the efficient handling and movement of goods, services, materials and related information within and between supply chains.

8. Contribute to the identification and management of continuous improvements to functions and processes within and between supply chains.

9. Use available technologies to enhance work performance and support supply chain functions, processes, transactions and communications.

10. Monitor relevant trends, emerging technologies, and local and global economic, political and environmental issues to enhance work performance and guide management decisions.

11. Perform tasks in accordance with policies and procedures for workplace health and safety and industry standards and best practices for professional, ethical and accountable conduct and communications.

12. Maintain relationships with a diversity of stakeholders to support the achievement of business goals.

13. Apply strategies for personal, career and professional development.

REQUIRED COURSES

In order to graduate from the B122 program, you need to complete 36 courses: 29 Mandatory courses, 4 Business Electives, and 3 General Education Electives.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. **YOUR CAREER**

The supply chain management and logistics sector includes a wide range of organizations including retailers, distributors, consulting firms, service firms (hotels, restaurants), educational institutions, government agencies, transportation companies and manufacturing and production companies. Potential positions may include:

- Procurement Officer
- Customs Analyst
- Forecasting and Demand Specialist
- Logistics Analyst
- Supply Chain Specialist
- Purchasing Agent – Materials Management
FUTURE STUDY OPTIONS

The Canadian Supply Chain Sector Council has established a National Accreditation Program (NAP) to recognize supply chain-related educational offerings that meet its national standard. The NAP standard – developed in partnership with the Canadian Standards Association and with significant input from supply chain stakeholders – reflects industry's needs and educators' best practices. For more information, visit supplychaincanada.org/en/NAP.

For further information on future study options, see georgebrown.ca/transferguide

ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER)

Mature Students may take the Admissions Assessment¹¹ for English and Math, OR may consider upgrading to achieve the credit(s) needed in English¹² and Math¹³.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details

INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions¹⁴ page for more information.

</table>

* Amounts listed are the total of tuition, materials, student service and ancillary fees for the first two semesters of programs starting in Fall 2019. Fees are subject to change for programs starting in Fall 2020 and at later dates.  
† This program includes 2 Work Experience semesters. The tuition fee for this program does NOT include the cost of Work Experience semesters. The first Work Experience fee of $500 covers the cost of the Work Experience Preparation course and the first Work Experience semester. There is an additional fee of $500 for the second Work Experience semester.

Students in the Business Administration – Supply Chain and Operations Management (with work experience) advanced diploma program will be prepared to perform marketing forecasting, demand management, production planning and other functions in supply chain management, in careers that include logistics, transportation, warehousing, exporting, procurement, planning and forecasting. The supply chain management courses in this program will allow graduates to demonstrate knowledge, skills and abilities related to both business in general and supply chain jobs in particular.

This learning experience will enable graduates to demonstrate:

- Analysis of the impact of an organization's supply chain initiatives on its human resources management strategies, policies and practices
- Compliance of an organization with relevant national and internal law, regulations, safety requirements and professional standards
- Application of the knowledge of the functional components in the integrated supply chain including logistics, purchasing, distribution, transportation and warehousing
- Use of supply chain tools and resources, in order to comply with the requirements of supply chain management
- Interpretation of relevant financial documents and assessment of financial strategies that support an organization's supply chain

Did you know? As of 2017, there were approximately 881,326 workers in the Canadian supply chain sector labour force.¹ Right now more than 27,000 supply chain positions in Canada sit unfilled, and another 66,000 openings are anticipated each year for the next five years².

See how the supply chain management industry drives Canadian commerce with a variety of exciting and rewarding careers in this video by the Canadian Supply Chain Sector Council.

This Centre for Business³ program (B162) is part of our School of Management⁴ and is offered with Work Experience. Students wishing to apply for Business Administration – Supply Chain and Operations Management without work experience⁵ should apply to B122⁶.

**EXPERIENTIAL LEARNING**

Work Experience (Co-op or Internship) Required

**YOUR FIELD STUDY OPTIONS**

**WORK EXPERIENCE (CO-OP OR INTERNSHIP WORK TERM)**

This program requires the successful completion of two semesters of work experience to graduate. This work experience is either co-op (paid) or internship (unpaid). Either one will give you the practical experience employers value.
George Brown College Full-Time Programs

George Brown works with employers and industry partners to identify potential work experience opportunities. Students are also strongly encouraged to pursue self-directed industry work experience opportunities they believe would provide the learning experiences they value and meet the learning outcomes of the program. This valuable work experience can in turn be added to your resume.

In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real world challenges and clients. Find out more about field education at the Centre for Business.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Examine the connections between strategic objectives, stakeholder expectations, and supply chain functions, processes and roles, to support decision-making, problem-solving and coordination of tasks.
2. Determine the value added and financial implications of supply chain decisions on overall business profitability, efficiency and stakeholder satisfaction.
3. Ensure supply chain activities and transactions are compliant with relevant legal, regulatory and contractual obligations, and industry and organization standards and policies for quality, health, safety, accountability, social and environmental responsibility.
4. Use risk mitigation tools and strategies to inform supply chain management decisions.
5. Manage the acquisition and sale of goods, services and materials in accordance with best practices and public and private sector stakeholder expectations across a variety of industries.
6. Plan and schedule material requirements and resource allocation and manage inventories for efficient production and fulfillment of customer orders and returns.
7. Manage the efficient handling and movement of goods, services, materials and related information within and between supply chains.
8. Contribute to the identification and management of continuous improvements to functions and processes within and between supply chains.
9. Use available technologies to enhance work performance and support supply chain functions, processes, transactions and communications.
10. Monitor relevant trends, emerging technologies, and local and global economic, political and environmental issues to enhance work performance and guide management decisions.
11. Perform tasks in accordance with policies and procedures for workplace health and safety and industry standards and best practices for professional, ethical and accountable conduct and communications.
12. Maintain relationships with a diversity of stakeholders to support the achievement of business goals.
13. Apply strategies for personal, career and professional development.

REQUIRED COURSES

In order to graduate from the B162 program, you need to complete 37 courses: 30 Mandatory courses, 4 Business Electives, and 3 General Education Electives. For the B162 program you need to take an additional course, the Work Experience Prep Course (BUS 1000) in semester 3, and complete 2 Work Experience (Coop or Internship) Terms.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 36 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester Three, Four, Five, and Six): You must complete 4 General Education courses. 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

**YOUR CAREER**

The supply chain management and logistics sector includes a wide range of organizations including retailers, distributors, consulting firms, service firms (hotels, restaurants), educational institutions, government agencies, transportation companies and manufacturing, and production companies. Potential positions may include:

- Procurement Officer
- Customs Analyst
- Forecasting and Demand Specialist
- Logistics Analyst
- Supply Chain Specialist
• Purchasing Agent – Materials Management

FUTURE STUDY OPTIONS

The Canadian Supply Chain Sector Council has established a National Accreditation Program (NAP) to recognize supply chain-related educational offerings that meet its national standard. The NAP standard – developed in partnership with the Canadian Standards Association and with significant input from supply chain stakeholders – reflects industry's needs and educators' best practices. For more information, visit supplychaincanada.org/en/NAP.

For further information on future study options, see georgebrown.ca/transferguide

ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

• Ontario Secondary School Diploma or equivalent**
• Grade 12 English (C or U)
• Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)

Mature Students may take the Admissions Assessment for English and Math, OR may consider upgrading to achieve the credit(s) needed in English and Math.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details

INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions page for more information.

Dinh Truong (Graduate 2014, Business Administration – Supply Chain and Operations Management)

"I could not have become who I am today without the people who are part of this community at George Brown. The experience you learn from this program, you can immediately apply it to the workplace when you’re looking for a job." Hear more about Dinh’s story in our video.

George Brown College is continually striving to improve its programs and their delivery. The information contained in this calendar is subject to change without notice. It should not be viewed as a representation, offer or warranty. Students are responsible for verifying George Brown College admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations, or other bodies that may award additional designations concurrently with, or after completion of, a George Brown College program.
The Business Administration advanced diploma is designed to offer the widest range of possible career choices and opportunities in a variety of business disciplines. Graduates are prepared to work in diverse team settings and lead projects with relevant and practical skills.

This learning experience will enable you to:

- Conduct and present research to support business decision making
- Assess and use current concepts/systems and technologies to support an organization’s business initiatives
- Develop a business plan to formulate the strategic direction of an organization
- Apply human resource practices to support management objectives and the organization’s goals

This Centre for Business program is part of our School of Management.

PART TIME STUDY OPTIONS

George Brown also offers a variety of evening courses and part-time certificate programs in Business Administration. See the Continuing Education Course Guide at coned.georgebrown.ca

EXPERIENTIAL LEARNING

Field Education Course (Optional)

YOUR FIELD STUDY OPTIONS

This program (B145) is also offered with work experience. Students who wish to apply for Business Administration with Work Experience should apply to B155.

In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real-world challenges and clients. Find out more about field education at the Centre for Business.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Evaluate the impact of global issues on an organization’s business opportunities by using an environmental scan.
2. Apply principles of corporate sustainability, corporate social responsibility and ethics to support an organization’s business initiatives.
3. Assess and use current concepts/systems and technologies to support an organization’s business initiatives.
4. Conduct and present research to support business decision making.
5. Plan, implement and evaluate projects by applying project management principles.
6. Perform work in compliance with relevant statutes, regulations and business practices.
7. Apply human resource practices to support management objectives and the organization’s goals.
8. Use accounting and financial principles to support the management and operations of an organization.
9. Assess marketing and sales concepts and strategies and apply them to the needs of an organization.
10. Outline principles of supply chain management and operations management and assess their impact on the operations of an organization.
11. Participate in the development of a business plan.
12. Develop strategies for ongoing personal and professional development to enhance work performance in the business field.
13. Outline strategies used to manage risks in an organization’s business activities.

REQUIRED COURSES

In order to graduate from the B145 program, you need to complete 36 courses: 25 Mandatory courses, 8 Business Electives, and 3 General Education Electives.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 36 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester Four, Five and Six): You must complete 4 General Education courses. 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

YOUR CAREER

Graduates are prepared for a variety of administrative and management positions in a broad range of employment settings. Graduates of the program have found employment as:

- Assistant Manager
- Customer Service Representative
- Financial Services Representative
- Project Manager
- Project Coordinator
- Sales Associate

FUTURE STUDY OPTIONS

For information on future study options, see georgebrown.ca/transferguide.

ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)

Mature Students may take the Admissions Assessment8 for English and Math, OR may consider upgrading to achieve the credit(s) needed in English9 and Math10.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.
ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details

INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions page for more information.

Kyle Monczak (Graduate 2015, Business Administration), Executive Director, Business In The Streets

“The thing I appreciate most about George Brown is how it's helped me to build myself. The person I was when I came here is definitely not the person I am leaving. I have a different set of skills and I have a different perspective on the world. I will be graduating within the next two months and I already have a job lined up in the non-profit sector.”Hear more about Kyle Monczak’s story in our video.

Aaman Dudani (Graduate 2013, Business Administration), Project Coordinator, Toronto 2015 Pan Am/Parapan Am Games

“Having a field placement with Toronto 2015 gave me the upper hand when the organization was hiring. Although I didn’t have any full-time work experience when I started, the tools and concepts I learned at school were transferable to the projects here.”Hear more about Aaman’s experience at George Brown College’s Centre for Business and how we connect students to industry during their studies by watching our video.

Dan Reilly (Graduate 2011, Business Administration)

“The skills I got at George Brown really set me up to start as a junior Project Manager and be able to jump right in and take control of some projects and run from there. If you're a student who does well, make sure your teacher knows who you are. Research projects come up all the time and other opportunities. That's exactly how I got where I am now: I happened to be Excelling in a class, a job opportunity came up to that professor and he filtered it through to me.”Hear more about Dan Reilly’s story in our video.

Giovanni Gonzalez (Graduate, 2006)

“I really valued the hands-on training and meaningful learning experience I received from the Business Administration program. Considering that management studies and international business are high-level and complex fields, the college’s holistic and hands-on approach to education enabled me to understand the various facets of business, how each facet related to one another, and key business drivers which are vital to growth and profitability.”Read Giovanni’s story.

CONTACT US

INFORMATION SESSIONS

On-campus information sessions are held on a regular basis. Come and have your questions answered. Learn about the program content and career options, meet your friendly professors and staff, and experience what it is like to be in a George Brown College classroom. Sign up for an upcoming session.
DOMESTIC STUDENTS ADMISSIONS

For inquiries about domestic admission requirements, admission deadlines, or the admissions process, please contact the Admissions Office at admissions@georgebrown.ca or visit the Admissions web page.

INTERNATIONAL STUDENT ADMISSIONS

For inquiries about international admission requirements, permits and visas, accommodations, or anything specific to international students, please contact the International Centre at International@georgebrown.ca or visit George Brown International.

Phone: (416) 415-5000 ext. 2115

FINANCIALS/FEES

For inquiries about OSAP, Bursaries, Scholarships and other financial inquiries, please contact the Financial Aid Office at FinAid@georgebrown.ca or visit the Financial Aid web page.

ENTRY ADVISING

For advice on the various program options and which program might be best suited for you, make an appointment to see an Entry Advisor. Please review these frequently asked questions or choose to book your appointment using the link provided.

1. Book online:
   Complete and submit the Client Intake Form

2. Book by phone:
   Entry Advisor: (416) 415-5000, Ext 2949 Toll Free:
   1-800-265-2002 TTY; 1-877-515-5559

* Amounts listed are the total of tuition, materials, student service and ancillary fees for the first two semesters of programs starting in Fall 2019. Fees are subject to change for programs starting in Fall 2020 and at later dates.

† This program includes 2 Work Experience semesters. The tuition fee for this program does NOT include the cost of Work Experience semesters. The first Work Experience fee of $500 covers the cost of the Work Experience Preparation course and the first Work Experience semester. There is an additional fee of $500 for the second Work Experience semester. Students who want a co-op program must apply using this code.

International students: Visit the International Fees and Related Costs² page for more information.

## FINANCIAL ASSISTANCE

This program is approved for OSAP funding, provided the applicant meets OSAP eligibility criteria.

The Business Administration (with Work Experience) advanced diploma program is designed to offer the widest range of possible career choices and opportunities in a variety of business disciplines. Graduates are prepared to work in diverse team settings and lead projects with relevant and practical skills.

This learning experience will enable you to:

- Conduct and present research to support business decision making
- Assess and use current concepts/systems and technologies to support an organization’s business initiatives
- Develop a business plan to formulate the strategic direction of an organization
- Apply human resources practices to support management objectives and the organization’s goals

This Centre for Business³ program (B155) is part of our School of Management ⁴and is offered with Work Experience. Students wishing to apply for Business Administration without work experience⁵ should apply to B145⁶.

## PART TIME STUDY OPTIONS

George Brown also offers a variety of evening courses and part-time certificate programs in Business Administration. See the Continuing Education Course Guide at coned.georgebrown.ca.

## EXPERIENTIAL LEARNING

Work Experience (Co-op or Internship) Required

## YOUR FIELD STUDY OPTIONS

### WORK EXPERIENCE (CO-OP OR INTERNSHIP WORK TERM)

This program requires the successful completion of two semesters of work experience to graduate. This work experience is either co-op (paid) or internship (unpaid). Either one will give you the practical experience employers value.

George Brown works with employers and industry partners to identify potential work experience opportunities. Students are also strongly encouraged to pursue self-directed industry work experience opportunities they believe would provide the learning experiences they value and meet the learning outcomes of the program. This valuable work experience can, in turn, be added to your resume.
In addition to on-the-job work experience, George Brown College endeavours to provide field education opportunities with real-world challenges and clients. Find out more about field education at the Centre for Business.

**PROGRAM STANDARDS AND LEARNING OUTCOMES**

The graduate has reliably demonstrated the ability to:

1. Evaluate the impact of global issues on an organization's business opportunities by using an environmental scan.
2. Apply principles of corporate sustainability, corporate social responsibility and ethics to support an organization's business initiatives.
3. Assess and use current concepts/systems and technologies to support an organization's business initiatives.
4. Conduct and present research to support business decision making.
5. Plan, implement and evaluate projects by applying project management principles.
6. Perform work in compliance with relevant statutes, regulations and business practices.
7. Apply human resource practices to support management objectives and the organization’s goals.
8. Use accounting and financial principles to support the management and operations of an organization.
9. Assess marketing and sales concepts and strategies and apply them to the needs of an organization.
10. Outline principles of supply chain management and operations management and assess their impact on the operations of an organization.
11. Participate in the development of a business plan.
12. Develop strategies for ongoing personal and professional development to enhance work performance in the business field.
13. Outline strategies used to manage risks in an organization's business activities.

**REQUIRED COURSES**

In order to graduate from the B145 program, you need to complete **37 courses**: **26** Mandatory courses, **8** Business Electives, and **3** General Education Electives. For the B155 program you need to take an additional course, the Work Experience Prep Course (BUS 1000) in semester 3, and complete 2 Work Experience (Coop or Internship) Terms.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 36 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

**General Education Courses (Semester Four, Five, and Six):** You must complete **4 General Education courses**: 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these classes during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Please note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

### YOUR CAREER

Graduates are prepared for a variety of administrative and management positions in a broad range of employment settings. Graduates of the program have found employment as:

- Assistant Manager
- Customer Service Representative
- Financial Services Representative
- Project Manager
FUTURE STUDY OPTIONS

For information on future study options, see georgebrown.ca/transferguide.

ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)

** MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)

Mature Students may take the Admissions Assessment9 for English and Math, OR may consider upgrading to achieve the credit(s) needed in English10 and Math11.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit www.georgebrown.ca/transferguide for more information.

ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

Please visit georgebrown.ca/englishproficiency for more details

INTERNATIONAL (VISA) STUDENTS

BUSINESS PROGRAM (B125)

PROGRAM NAME | Business  
COURSE CODE | B125  
SCHOOL | School of Management  
CENTRE | Business  
LOCATION | St. James Campus  
DURATION | 2 years (4 semesters)  
EXPERIENTIAL LEARNING | Optional Field Education Course  
STARTING MONTH | September, January  
CREDENTIAL | Ontario College Diploma  
YEAR OF STUDY | 2020-2021  
METHOD OF STUDY | FT  
APPLY TO | Ontario Colleges  

The four-semester Business diploma program prepares students to carry out a variety of business functions within local, national and global settings. Graduates will have demonstrated a practical understanding of key principles and practices necessary for success in the field of business.

Students who graduate from this program are prepared to work in diverse team settings and contribute to projects with practical presentation and research skills. They can use their functional knowledge in many areas of an organization to achieve strategies within cross-functional teams.

This learning experience will enable you to:

- Use current concepts/systems and technologies to support an organization's business initiatives
- Perform work in compliance with relevant statutes, regulations and business practices
- Develop strategies for ongoing personal and professional development to enhance work performance in the business field
- Apply principles of corporate sustainability, corporate social responsibility and ethics to support an organization's business initiatives

This Centre for Business program is part of our School of Management.

TUITION
$4,302.00 *

ADDITIONAL COST
*Amounts listed are the total of tuition, materials, student service and ancillary fees for the first two semesters of programs starting in Fall 2019. Fees are subject to change for programs starting in Fall 2020 and at later dates.

International students: Visit the International Fees and Related Costs page for more information.

FINANCIAL ASSISTANCE
This program is approved for OSAP funding, provided the applicant meets OSAP eligibility criteria.

PART TIME STUDY OPTIONS
George Brown College also offers a variety of evening courses and part-time certificate programs in Business Administration. See the Continuing Education Course Guide at coned.georgebrown.ca

EXPERIENTIAL LEARNING
Optional Field Education Course

YOUR FIELD STUDY OPTIONS
Students have the option of earning a business elective credit with the Field Education Course (BUS 1067).

PROGRAM STANDARDS AND LEARNING OUTCOMES
The graduate has reliably demonstrated the ability to:

1. Identify and discuss the impact of global issues on an organization's business opportunities by using an environmental scan.
2. Apply principles of corporate sustainability, corporate social responsibility and ethics to support an organization’s business initiatives.
3. Use current concepts/systems and technologies to support an organization's business initiatives.
4. Apply basic research skills to support business decision making.
5. Support the planning, implementation and monitoring of projects.
6. Perform work in compliance with relevant statutes, regulations and business practices.
7. Explain the role of the human resource function and its impact on an organization.
8. Use accounting and financial principles to support the operations of an organization.
9. Describe and apply marketing and sales concepts used to support the operations of an organization.
10. Outline principles of supply chain management and operations management.
11. Outline and assess the components of a business plan.
12. Develop strategies for ongoing personal and professional development to enhance work performance in the business field.

REQUIRED COURSES

In order to graduate from the B125 program, you need to complete 27 courses: 23 Mandatory courses, 1 Business Elective or Field Education Course and 3 General Education Electives.

Depending on the results of your placement tests, you may be required to take COMM 1003 (English Skills) or CESL 1003 (English Skills-ESL) before progressing to COMM 1007. Similarly, you may be required to take MATH1027 (Business Math with Remediation) before progressing to MATH 1008. COMM1003/CESL 1003 and MATH 1027 do not count towards the 27 courses required for graduation, and you will be charged for these extra courses. Please speak to the Business Office staff if you need any assistance.

General Education Courses (Semester One, Two, Three and Four): You must complete 4 General Education courses (one per semester), 1 mandatory (“Successful Social Relations” - GHUM 1087) and 3 chosen from at least 2 of the following categories: Social Sciences (GSSC), Arts and Humanities (GHUM) or Science and Technology (GSCI).

You are required to make up any failed or dropped courses before you are eligible to graduate. You can make up these courses during the day, and some are offered in the evening through Continuing Education. Please check with the Business Office staff to ensure that the Continuing Education courses are equivalent to what is taught in the full-time program. Note that some courses may not be offered in every semester. Our staff can assist you in any special timetable requirements you may have.

## YOUR CAREER

Graduates of the Business program find work in a broad range of employment settings in all sectors of business including manufacturers, retailers, financial institutions, government offices, consulting firms and other large and small businesses. The program is general in nature and is designed to lead to a wide array of career opportunities such as:

- Customer Service Representative
- Junior Business Analyst
- Procurement Assistant
- Project Planning Assistant
- Scheduling Coordinator

## FUTURE STUDY OPTIONS

This program has a pathway to the Business Administration B1455/1556 three-year advanced diploma program.

For information on future study options, see georgebrown.ca/transferguide.

## ADMISSION REQUIREMENTS

Applicants are selected on the basis of their academic achievement, including the required courses, and any other selection criteria outlined below.

- Ontario Secondary School Diploma or equivalent**
- Grade 12 English (C or U)
- Grade 11 Math (M or U) or Grade 12 (C or U)

** **MATURE STUDENT STATUS (19 YEARS OF AGE OR OLDER AND NO OSSD)**

Mature Students may take the Admissions Assessment for English and Math, OR may consider upgrading to achieve the credit(s) needed in English and Math.

Please note that George Brown is committed to ensuring that applicants will succeed in their program of choice and meeting the minimum requirements does not guarantee admission to the program. Applicants may be required to have grades higher than the minimum requirements stated.

## COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

## ENGLISH LANGUAGE PROFICIENCY

Proficiency in English communications is necessary for success in this program.

## Financial Assistance

This program is approved for OSAP funding, provided the applicant meets OSAP eligibility criteria.

---

The Consulting postgraduate program prepares students for a career in consulting that could include working for a consulting firm, independently creating their own employment, or securing a business development role within an organization. Digital Transformation and the theories behind Digital Transformation are core frameworks for the first academic semester of the program. The second semester is a mix of client consulting project work and workshops further exploring consulting in a world continuously undergoing digital transformation. Students develop knowledge and skills by working individually and/or in teams, doing research, analyzing client problems and providing recommendations to real clients through our Consulting Hub³.

### DELIVERY

- This full-time program is delivered in a blended format, combining face-to-face sessions with online delivery.
- You will generally meet late afternoons, evenings, and weekends. This delivery format accommodates those who wish to work while taking this program.

This Centre for Business⁴ program is part of our School of Management⁵.

Watch our past recording of the online info session for the Consulting Program

## Part Time Study Options

Part-time study options are not available for this program.

### Experiential Learning

Client Project

## Your Field Study Options

Students will engage in various consulting projects in their second semester to gain experience and demonstrate:

- Development of parameters of a consulting project and building a client/consultant relationship
- Creation and implementation of a project plan for the term of a consulting engagement
- Preparation and implementation of the terms of reference and contracts for the term of the consulting engagement, including billing and payment schedules
- Performing an environmental audit (external and internal) and conducting market research to diagnose the client problem(s)
- Use of a range of consulting tools and techniques including: interviewing, research, and collaborative problem solving during the consulting process
- Development and modelling of soft skills such as teamwork, customer service, communications and problem solving during the consulting process
- Assessing the change readiness of the client’s organization through the use of change management skills and processes
- Completing a client consulting project including contracting, data collection and analysis, recommendations and, as appropriate, implementation to the satisfaction of the client
George Brown College endeavours to provide field education opportunities with real-world challenges and clients. Find out more about field education at the Centre for Business.

**THE INDUSTRY**

Toronto is home to the largest concentration of head offices and consultancies in the country. The Canadian Association of Management Consultants (CMC-Canada) and George Brown College School of Management recently announced a new partnership that includes a student membership with the Canadian Association of Management Consultants.

Graduates of the Consulting graduate certificate program will earn work experience credits towards the professional experience requirements of the CMC designation. Visit the CMC Canada Association website for more information and details of the credentialing process.

**Note:** The requirements for each designation/certificate are set by the granting body, not George Brown College. In order to qualify for any of these designations/certifications, you need to follow the process listed on its website and meet all the requirements applicable to you.

**PROGRAM STANDARDS AND LEARNING OUTCOMES**

The graduate has reliably demonstrated the ability to:

1. Establish the parameters of a consulting project and build a client/consultant relationship.
2. Create and implement a project plan for the term of a consulting engagement.
3. Prepare and implement terms of reference and contracts for the term of the consulting engagement, including billing and payment schedules.
4. Perform an environmental audit (internal and external) and conduct market research to diagnose the client problem(s).
5. Use a range of consulting tools and techniques including: interviewing, research, collaborative problem solving during the consulting process.
6. Develop and model soft skills such as teamwork, customer service, communications and problem solving during the consulting process.
7. Assess the change readiness of the client’s organization through the use of change management skills and processes.
8. Complete a client consulting project including contracting, data collection and analysis and recommendations and as appropriate implementation to the satisfaction of the client.

Please visit georgebrown.ca/englishproficiency for more details.
COURSE EXEMPTIONS

Some college and university credits may qualify you for exemptions. Please visit georgebrown.ca/transferguide for more information.

INTERNATIONAL (VISA) STUDENTS

Visit the International Admissions page for more information.

Sara Zubair (Graduate 2017);
Consulting, Consultant – Instructional Design, Tuesday/Afternoon Media Inc.

“The Consulting program at George Brown provided a perfect balance between classroom and real world. Working with industry-leading organizations in my project provided me with the necessary competencies to be an effective consultant in the Canadian Market. This important part of the program led to being hired full-time by my client following finishing the final project and the program.”

Looking to launch your own small business or grow your current one? In just eight months, our Entrepreneurship Management program will provide you with the skills, knowledge and support to design a full business plan that includes business research, marketing, financing and web strategy.

Bring your business idea, develop your business plan and get feedback from faculty, entrepreneurs and fellow students, so at the end of the program, you are ready to launch your business.

Students may also have the option of presenting their finished business plan to Futurepreneur to be considered for a loan of up to $15,000 and a mentor for two years.

George Brown College supports entrepreneurial spirit and offers resources to help you start your own business. Find out more about opportunities offered through startGBC.

Upon successful completion of this program, you will have:

- Completed a full business plan for your proposed business
- Completed a financial plan including forecasting and cash flow
- Identified sources of funding
- Completed a marketing plan
- Prepared a website

This Centre for Business program is part of our School of Management.

**Program Standards and Learning Outcomes**

The graduate has reliably demonstrated the ability to:

1. Develop, present, and analyze a comprehensive business plan adapted to the enterprise that adheres to professional standards and practices.
2. Assess and use current concepts/systems and technologies to support business initiatives.
3. Develop strategies for implementing effective marketing plans that reflect an analysis of relevant resources and practices of an enterprise.
4. Use accounting and financial principles to support the management and operations of an enterprise.
5. Select sales and customer service strategies and apply them to the needs of an enterprise.
6. Apply a range of human resource practices that support and promote small business objectives and goals and optimize all functional areas of a small business operation.
7. Implement principles of supply chain management and operations management and analyze their impact on the operations of a small business.
8. Conduct small business activities and transactions in compliance with pertinent legislation, policies, health and safety and other regulations, professional and business standards, as well as tax, insurance and other fiscal requirements.
9. Promote principles of sustainability and corporate social responsibility that apply to small business initiatives.
10. Prepare and follow a plan for ongoing personal and professional development to establish and maintain entrepreneurial networking and business relationships and opportunities.
11. Plan, implement, and evaluate projects by applying project management principles to support the operation and management of a small business.
12. Use market research to optimize the operation of a small business.
13. Select and implement risk management strategies to support all aspects of the operation of a small business.

B411

SCHOOL
School of Management

CENTRE
Business

LOCATION
St. James Campus

DURATION
8 months (2 semesters)

STARTING MONTH
September, January, May

CREDENTIAL
Ontario College Graduate Certificate

YEAR OF STUDY
2020-2021

METHOD OF STUDY
FT

APPLY TO
Ontario Colleges

Tuition
$4,442.00 *

ADDITIONAL COST
* Amounts listed are the total of tuition, materials, student service and ancillary fees for the first two semesters of programs starting in Fall 2019. Fees are subject to change for programs starting in Fall 2020 and at later dates.

International students: Visit the International Fees and Related Costs page for more information.

FINANCIAL ASSISTANCE
This program is approved for OSAP funding, provided the applicant meets OSAP eligibility criteria.

The field of international trade can seem as large and complex as the world itself, encompassing disciplines such as strategic planning, law, finance, logistics, and marketing. The International Business Management graduate certificate program at George Brown College simplifies this complex field with dynamic and interactive teaching methods, including case analysis and guest speakers.

You will learn about:

1. Documents and procedures supporting the movement of products and services in a global supply chain
2. Statutory and regulatory compliance
3. Cultural etiquette, business protocols, ethical standards, and legal practices
4. International payment instruments and options
5. Foreign exchange strategies
6. Human resource strategies in an international operation

This Centre for Business program is part of our School of Management.

PART TIME STUDY OPTIONS
Part-time study options are not available for this program.

PROGRAM STANDARDS AND LEARNING OUTCOMES
The graduate has reliably demonstrated the ability to:

1. Conduct an environmental scan to evaluate the impact of world issues on an organization’s international business opportunities.
2. Conduct, evaluate and present market research to support an organization’s international business decision-making.
3. Manage the preparation of documents and the application of procedures to support the movement of products and services in the organization’s global supply chain.

4. Evaluate the impact of statutory and regulatory compliance on an organization’s integrative trade initiatives.
5. Develop and implement strategies to negotiate effectively within various cultural environments and to address the impact of cultural differences on an organization’s integrative trade initiatives.
6. Develop and present an international marketing plan, and evaluate sales strategies that support an organization’s integrative trade initiatives.
7. Identify and interpret relevant international financial documents, and evaluate financial strategies that support an organization’s integrative trade initiatives.
8. Analyze the impact of an organization’s integrative trade initiatives on its human resources management strategies, policies, and practices.
9. Develop and present an international business plan.
10. Manage the implementation and evaluation of team projects by applying project management principles.
11. Recommend strategies to support principles of corporate sustainability, corporate social responsibility and ethics associated with an organization’s integrative trade initiatives and evaluate their effectiveness.
12. Select and apply current technologies to support an organization’s integrative trade initiatives.

REQUIRED COURSES
In order to graduate from the B411 program, you need to complete 12 Mandatory courses.

### YOUR CAREER

Graduates of this program will be equipped to enter a wide range of positions across a broad spectrum of organizations involved in international business management. Examples of careers students may pursue after graduation include:

- Export Control Analyst
- Junior Import Coordinator
- Logistics Coordinator
- Logistics and Customs Coordinator
- Customs Rater

### FUTURE STUDY OPTIONS

The International Business Management graduate certificate can also prepare students to pursue three industry designations/certifications in addition to the George Brown College graduate certificate if they choose to do so. These industry designations/certifications require additional exams and/or related work experience to qualify. Please check the official websites listed below to find the detailed requirements set by the granting bodies of these designations/certifications.

The three industry designations/certifications are:

- Certified International Trade Professional (CITP) designation offered by FITT (fitt.ca). Please view equivalency course chart at georgebrown.ca/FITT.
- Certified Customs Specialist (CCS) designation offered by the Canadian Society of Customs Brokers (cscb.ca)
- Certificate in International Freight Forwarding (CIFFA), recognized and approved by the Federation of International Freight Forwarding Associations (ciffa.com)

**Note:** The requirements for each designation/certification are set by the granting body, not George Brown College. In order to qualify for any of these designations/certifications, you need to follow the process listed on its website and meet all the requirements applicable to you.

### ACCREDITED EDUCATIONAL PARTNERSHIP AGREEMENT WITH FITT

George Brown College has partnered with FITT (Forum for International Trade Training) to offer the FITT skills program. FITT is an international trade training and professional certification body. As the only organization of its kind in the world, FITT sets the standards and designs the training programs leading to the Certified International Trade Professional (CITP) designation. FITT’s quality training programs impart knowledge and practical skills that provide a competitive advantage to trade practitioners and elevate their position in world markets.
ADMISSION REQUIREMENTS

• College Advanced Diploma (3-year) or Bachelor's Degree or demonstrated, relevant work experience (resume and references required).

English Language Proficiency

Applicants with international transcripts who do not provide English proficiency test results must test at the College level in the George Brown College English assessment to be considered for admission. In addition, applicants who are considered for admission to the program based solely on their work experience will be required to provide proof of English proficiency at the college level, and may be required to write the George Brown College English admission assessment.

FINANCIAL ASSISTANCE

This program is approved for OSAP funding, provided the applicant meets OSAP eligibility criteria.

Graduates of the Project Management graduate certificate program will be prepared to manage project scope and change, provide goal setting, project control, project staffing, risk management, utilize project management tools and perform other functions in careers that incorporate project management or in stand-alone project manager positions.

Graduates will have demonstrated their knowledge, job skills, soft skills and abilities related to business in general and project management in particular.

This learning experience will enable graduates to demonstrate:

- Implementation of Project Management Institute knowledge areas such as processes, lifecycle phases and the embodied concepts, tools and techniques in order to achieve project success
- Adaptation of projects in response to issues that arise internally and externally
- Implementation of general business concepts, practices and tools to facilitate project success
- Application of project management practices to the launch of new programs, initiatives, products, services and events relative to the needs of stakeholders

This Centre for Business program is part of our School of Management.

Watch our past recording of the online info session for the Project Management Program

PART TIME STUDY OPTIONS

Part-time study options are not available for this program.

EXPERIENTIAL LEARNING

Client Project

YOUR FIELD STUDY OPTIONS

Students will take a field-based, application-driven course where they participate in the coordination and execution of a real industry project. Leveraging learning from their project management courses, students can expect to gain experience in the following areas:

- defining requirements
- creating project plans
- tracking budgets
- coordinating meetings
- monitoring progress
- assessing risks
- managing stakeholders
- implementing management tools
- preparing reports
- conducting themselves in a professional manner
THE INDUSTRY

INDUSTRY FEEDBACK:

"George Brown's Project Management field education course has allowed us to work with students on new projects that would have otherwise been delayed. The PM students, who had great talents and a diverse work and academic background, used their project management tools and planning processes skills to help Retail Council of Canada develop important operational procedures in membership and event management.

I would strongly recommend private and not-for-profit businesses take advantage of this valuable program that offers students real-life projects to test their skills for a career in project management and that also benefit participating companies."

Diane J. Brisebois, President & CEO, Retail Council of Canada

PMP AND CAPM CERTIFICATIONS

George Brown College is recognized as a Global Registered Education Provider with the Project Management Institute® (PMI®). Graduates of any of the George Brown College courses listed on PMI’s Registered Education Provider portal® will have satisfied the education requirements necessary to apply to the Project Management Institute (PMI®) for either the Certified Associate in Project Management (CAPM®) or the Project Management Professional (PMP®)® certification.

PMI®, PMP®, and CAPM® are registered marks of the Project Management Institute, Inc.

Project Management Professional (PMP)®

The PMI’s PMP certification is an important industry-recognized certification for project managers. To apply for the PMP, you need to have either:

• A secondary degree (high school diploma, associate’s degree, or the global equivalent) with at least five years of project management experience, with 7,500 hours leading and directing projects and 35 hours of project management education. You will well exceed the 35 hours education requirement upon completion of the B415 Project Management Program.

OR

• A four-year degree (bachelor’s degree or the global equivalent) and at least three years of project management experience, with 4,500 hours leading and directing projects and 35 hours of project management education. You will well exceed the 35 hours education requirement upon completion of the B415 Project Management Program.

Certified Associate in Project Management (CAPM)®

PMI’s Certified Associate in Project Management (CAPM)® is an entry-level certification for project practitioners. To apply for the CAPM, you need to have:

A secondary degree (high school diploma or the global equivalent and at least 1,500 hours of project experience OR 23 hours of project management education by the time you sit for the exam. You will well exceed the 35 hours education requirement upon completion of the B415 Project Management Program. The CAPM exam is 150 multiple choice questions.

Although the B415 Program is not a preparation course for writing the PMP or CAPM exams, these exams draw on materials found in the Project Management Body of Knowledge (PMBOK version 6) which is published by the Project Management Institute (PMI). The course materials in the B415 program are also based on information found in PMBOK version 6. Therefore, the B415 Project Management Program will assist students preparing for the PMP or CAPM exams, by learning tools, techniques and concepts directly related to questions that appear on the PMP and CAPM exams.

PROGRAM STANDARDS AND LEARNING OUTCOMES

The graduate has reliably demonstrated the ability to:

1. Manage the scope, cost, timing, and quality of the project, at all times focused on project success as defined by project stakeholders.
2. Align the project to the organization’s strategic plans and business justification throughout its lifecycle.
3. Identify project goals, constraints, deliverables, performance criteria, control needs, and resource requirements in consultation with stakeholders.
4. Implement the PMI project management knowledge areas, processes, lifecycle phases and the embodied concepts, tools and techniques in order to achieve project success.
5. Adapt projects in response to issues that arise internally and externally.
6. Interact with team and stakeholders in a professional manner, respecting differences, to ensure a collaborative project environment.
7. Utilize technology tools for communication, collaboration, information management, and decision support.
8. Implement general business concepts, practices, and tools to facilitate project success.
9. Reflect on their role and effectiveness as a leader and follower.
10. Apply appropriate legal and ethical standards.
11. Adapt project management practices to meet the needs of stakeholders from multiple sectors of the economy (i.e., manufacturing, technology, consulting, government, arts, media, and not-for-profit organizations).
12. Apply project management practices to the launch of new programs, initiatives, products, services, and events relative to the needs of stakeholders.
13. Appraise the role of project management in organizational change.
REQUIRED COURSES

In order to graduate from the B415 program, you need to complete 10 Mandatory courses.

INTERNATIONAL STUDENTS

Visit the International Admissions page for more information.
Vakhid Mamedov (Graduate 2017, Project Management)
“All professors at George Brown College were very professional and helpful. I learned a lot from them: how to implement projects, how to plan and monitor them, and finally, how to close projects. One of the most important learnings of the program was how to communicate with clients and stakeholders at a high level. I enjoyed the studying process a lot. The network that I’ve earned while studying helped me get a job after graduation.”

George Brown College is continually striving to improve its programs and their delivery. The information contained in this calendar is subject to change without notice. It should not be viewed as a representation, offer or warranty. Students are responsible for verifying George Brown College admission, graduation, and fee requirements as well as any requirements of outside institutions, industry associations, or other bodies that may award additional designations concurrently with, or after completion of, a George Brown College program.
