

Program Roadmap: Is this program right for you?

About You

- You understand this program requires a strong ability to critically apply knowledge to practical clinical patient care.
- You have strong oral and written English communication skills to work with patients, co-workers and other health-care professionals.
- You're well organized, self-motivated and like to take initiative.
- You'll need to possess good fine motor skills and visual acuity.

Are you ready?

- To participate in a full-time course load, with classes, clinics and labs Monday to Friday, and to complete additional coursework during evenings & weekends. For those with part-time employment, we recommend working no more than 8-10 hours per week.
- To synthesize large amounts of complex information and vocabulary in a short time.
- To provide supervised care, often for elderly patients.
- To be sitting and standing for long periods of time.

Did you know?

- You're preparing to be an independent oral health-care provider working closely with members of the public.
- A Denturist is a regulated health professional and must annually participate in quality assurance activities to maintain professional status.
